Subject: Short update from MPCA on permits during our quarterly call

FYI-MPCA provided the following updates today:

Minntac- USSteel, WaterLeg, Fond du Lac challenges to permit underway, but permit is still effective
Polymet- MCEA, Friends of Boundary Water, CBD, Water Leg, Fond du Lac challenges to permit underway (MPCA got a 30 day extension to prepare admin record – due March 25th), but permit is still effective (also have request for stays that MPCA denied and no request for court action on stays yet); no timeline from Corps to MPCA on 404 permit.

We let MPCA know that we have FOIA requests for Polymet in house and under lawsuit and that 401(a)(2) decision for Polymet still under consideration

Candice
